

Whole Life Psychiatry

Kim D. Tubbs, PMHNP, PA, Inc.

PRESCRIPTION HISTORY CONSENT

Our practice has adopted an electronic medical record system in order to improve the quality of our services. This system also allows us to collect and review your medication history. A medication history is a list of prescription medicines that we or other prescribers have recently prescribed for you. This list is collected from a variety of sources including your pharmacy and your health insurer.

An accurate medication history is very important to helping us treat you properly and in avoiding potentially dangerous drug interactions.

By signing this consent form you give us permission to collect, and give your pharmacy and your health plan permission to disclose, information about your prescriptions that have been filled at any pharmacy or covered by any health insurance plan. This information will become part of your medical record.

I give Kim Tubbs, PMHNP permission to obtain my medication history from my pharmacy, my health plans, and my other healthcare providers.
